Senator Goolrick reviewed what he termed the " ing. Accomplishments of the public school administration during the past ten years were reviewed by Mr. Hart. "We have a long way to go," said Mr. Hart, "we have serious problems to meet, and there is much to do, but we are steadily advancing toward our goal."

Analyzing the Dendition to the public schools In addition to the regular State and local food.

ards.

Anderson's Statements Denied.

"It was asserted by the Republican candidate for Governor, in his speech before the Norfolk convention, that Virginia stands forty-third (43) in the list of forty-eight States in the matter of schools. This assertion is presumably based upon the report of the Avers of the Bussell Same but their platform shows that they must have given it a very careful reading," the epeaker eaid.

Illiterates Fewer in Number.
Mr. Hart said, in part:
"The number of illiterates in Virginia, from 10 to 20 years of age, was in 1910 55,500, or about 11 per cent of the total school population. In 1920 the number of illiterates had been reduced to 28,500, or 44 per cent of the school population. In 1920 the number of illiterates had been reduced to 28,500, or 44 per cent of the school population. In 1920 the number of illiterates had been reduced to 28,500, or 44 per cent of the school population. Gwing to constitutional limitations, we have not been able to enact effective attendance laws. The record of Virturial fifth instead of fortith as a proximately based upon the repart of Dr. Ayers, of the Russell Sage Prongressive and constructive record. The Republican party has presented little else than destructive reticism. In the former the people have a reasonable guarantee that their public schools will be wisely and economically developed. There is nothing in the destructive criticism. In the former the people have a reasonable guarantee that their public schools will be wisely and economically developed. St. Joseph's Liver Regulator

A Purely Vegelable Laxative

DO you know that by tar the larger number of the commo ailments of women are not surgical ones; that is they are not caused by any serious displacement, tumor, growth, or other marked change?

D^O you know that these common ailments produce symptoms that are very much like those caused by the more serious surgical conditions?

DO you know that many women and young girls suffer need-lessly from such ailments? More than that, they endanger their health by allowing their ailments to continue and developinto something serious.

If treated early, that is, within a reasonable time after the first warning symptoms appear, serious conditions may often be averted. Therefore, at the first appearance of such symptoms as periodic pains, irregularities, irritability and nervousness, Lydia E. Pinkham's Vegetable Compound should be taken. It is prepared with accuracy and cleanliness from medicinal plants. It contains no narcotics nor poisonous drugs, and can be taken with perfect safety.

The Vegetable Compound acts on the conditions which bring about these symptoms in a gentle and efficient manner. The persistent use of it shows itself in the disappearance, one after another, of the disagreeable symptoms. In a word, Lydia E. Pinkham's Vegetable Compound acts as a natural restora. tive, relieving the present distress and preventing more serious trouble.

Why not give a fair trial to this medicine

Lydia E. Pinkham's Vegetable Compound
